2021 QTIC Young Professionals Mentoring Program

Mentoring. Share your skills & learn from others.

QTIC's Young Professionals Mentoring Program offers a competitive edge to employees working in the tourism and hospitality industry who are 35 years or younger.

Participants gain professional development, knowledge and skills through the sharing of information and experience, matched with a senior industry professional.

How is it Done and What to Expect:

The program runs over a six-month period between February and July each year, with mentees meeting with their allocated mentors on a monthly basis.

Meetings (either in person or online) between mentors and mentees are structured and provide the opportunity for relevant and individually tailored discussion topics and tasks.

Become a Mentor!

Are you an experienced professional who is passionate about the industry and likes helping others? If so, you could make an ideal mentor.

Sharing knowledge and wisdom, accumulated over the years is a rewarding experience. Mentees relish the chance to ask questions, seek advice and enjoy the support of someone who has already walked down a similar career pathway.
