

Young Tourism Professionals Mentoring Program

Mentoring. Share your skills - learn from others.

QTIC's Young Tourism Professionals Mentoring Program offers a competitive edge to employees working in the tourism and hospitality industry who are 35 years or younger.

Participants gain professional development, knowledge and skills through the sharing of information and experience, matched with a senior industry professional.

A mutually rewarding relationship

Sharing knowledge and wisdom, accumulated over the years is a rewarding experience. Mentees relish the chance to ask questions, seek advice and enjoy the support of someone who has already walked down a similar career pathway.

How is it done and what to expect

QTIC's Young Tourism Professionals Mentoring Program runs from February to July each year. Young professionals are invited to complete an expression of interest application and 25 applicants are offered an opportunity to participate in the program each year.

Scheduled monthly meetings (either in person or online) between mentors and mentees are structured to include relevant and individually tailored discussion topics and tasks.

Mentors and mentees will have access to a program booklet, providing information on how the mentoring program works. Participants are also invited to various QTIC networking

events held throughout the year, providing an opportunity to catch-up in person.
