Understand your customer

The difference between a great marketer and a good marketer, is how well you understand who your customer is and what motivates them.

Which sort of traveller will you want to attract back? Write content that inspires the ideal guest, not the random visitor.
Domestic visitor profiles

TOURISM QUEENSLAND

- Understanding High Value Travellers [teq.queensland.com/research-and-insights/domestic-research/understanding-high-value-travellers]

TOURISM RESEARCH AUSTRALIA

- TRA also has some domestic visitor profiles which are great [www.tra.gov.au/Domestic/domestic-visitor-profiles]

TOURISM AUSTRALIA

These profiles focus on the different demographics and activities of domestic overnight visitors. As an operator, this information will help you better understand the needs of this diverse market. This will then support more informed planning and marketing decisions.
Customer Journey Mapping

Customer Persona matching – as we said earlier, have your Ideal Customer a priority for you and your team to do NOW.

Prioritise your ideal customers! Now is not the time to waste money sending invitations to the wrong customer. Customer Persona and Customer Journey mapping templates and tools will be covered in the coaching sessions in the meantime here is a handy link for Customer Journey mapping beyondphilosophy.com/customer-journey-mapping-starting-with-the-end-in-mind/

- Use your customer feedback to measure your customer experience and match your new messaging. This is a great read How Brands Can Use Feedback to Measure Customer Experience
- At Success Matrix we use Think with Google for insights and inspiration when developing our tourism marketing strategies and coaching. Here is an old one we like Micro Moments: How Australian's Plan their Travel
- Many of you asked questions about the Changing Traveller. We found this report conducted by Siteminder very interesting www.siteminder.com/r/traveller-report-2020-covid-19-australia/ They surveyed 500 local citizens to understand how their plans, behaviour and preferences had changed since the outbreak of the coronavirus pandemic. As you start preparing for your immediate future guests, find out what they have to say about, timing and duration, processes for booking and what they’ll be looking for and choosing.

Communicate, communicate, communicate,

When we know our customer’s needs, wants and desires then we know how best to ‘Communicate, communicate, communicate.’ It is critical in our new and dynamic Covid marketplace that we continue to keep engaging with our guests despite the challenging times.

- The following checklist can be incorporated into your coaching sessions if you need upskilling or support with setting up any of these tools in your business:
  - Update your customer database and segment it with meaningful category tags so you only email relevant updates, content and offers to your customs.
  - Implement a Covid Update page on your website, linked from your website homepage so your customers are clear on your current operating situation; keep it updated and show the date that it was last updated at the top of the page; and Pin a post on your Facebook Page including a linking to the page on your website.

- Tourism Australia have some great tips and tricks document, social overview and some great webinars on Social and Online [www.tourism.australia.com/socialmedia](http://www.tourism.australia.com/socialmedia).

Conversion - partner or perish!

Compelling holiday ideas will always stand out from the crowd no matter the marketing budget. Figure out a way that many small actions can amplify a singular high level message. Don’t follow the herd follow your customer!

Package with like-minded operators, cross regional destinations and partners

Partner with whoever has your same customer and where your customer likes to hang out – accommodation, cafes, bars, golf clubs, cinemas, tourism experiences, wineries shopping centre, brands that your customer persons buys, sustainable brands and how they get around – Airlines, Rail, Car Hire, Motorholmes, Coach, own car, don’t forget the Petrol Stations etc.

Tips on how to establish industry partnerships to creating compelling packages [www.tourismtribe.com/6-steps-to-creating-great-travel-packages/](http://www.tourismtribe.com/6-steps-to-creating-great-travel-packages/)

Once you have them connected then don’t miss the CONVERSION!

Your customers more than ever want to talk to you right now while they are dreaming and looking to book, make sure you have Live Chat set up on your website, our digital guru team show you how [www.tourismtribe.com/setting-up-live-chat/](http://www.tourismtribe.com/setting-up-live-chat/)
Be upfront and centre where your ideal customers are looking

Destination sites, Online Travel Agent and Trade sites, Access sites, other like minded operator sites, other customer persona sites.

Connect and utilise all resources, wisdom and marketing and operational intel and opportunities with RTO, LTO, TEQ, TA, ATEC, ATDW, QTIC, TRADE, ACCESS - AIR, DRIVE, RAIL, COACH and CAR HIRE.

Anybody and everybody? NO!! Remember what we said earlier focus on your Ideal Customers and you are not the only one communicating to your ideal customer – destinations around the world will be doing the same thing inviting visitors back! So while everyone else is Zigging you need to ZAG!

Now is the time to reboot with community pride and own your Destination DNA! Remember what we told you in the 6 steps.
Australian Tourism Data Warehouse

- ATDW COVID Safe alignment with TEQ

- [www.atdw-online.com.au](www.atdw-online.com.au) to update your listing and do your GOOD TO GO STICKER! And your latest deals, see examples below

- Update ATDW (great images); update all your digital assets (consider your customer’s path to purchase: GMB, listings on third party websites/directories; optimise optimise optimise); #thisisqueensland on socials

Campaign partnerships

With all of us having little to no money for marketing in the rebound, **DESTINATION FIRST** needs to be our motto and we must connect with our destination partners, your best friends need to be your:

- **Regional Tourism Organisation** (RTO), now more than ever are your most valuable friend and your membership will be worth every cent, they have been shining stars through this storm!

- **Local Council Tourism** officers and VICs for some areas will be your closest partners

- **Tourism Events Queensland** (TEQ) and **Tourism Australia** (TA) are like the motherships guiding us through the storm and offer so many tools and practical resources many of which will be linked on your RTO website.
Tourism Events Queensland – Good to Go

- If you are GOOD TO GO then get involved with the TEQ’s campaign, your RTO will work with you on region specific aligned campaigns like the example below.

- Good to Go Industry Resources teq.queensland.com/industry-resources/marketing/holiday-here-this-year

- Industry Media Agency Tourism and Events (IMATE) imate.queensland.com/ If you are wanting to do any advertising then take advantage of the great Co-operative opportunities with Tourism Queensland.

Eco Tourism Australia

Sustainability we all know is the new norm for travellers so ensure you are overlaying your offering and messaging and link into Eco Tourism Australia

Trade

Best tip is to partner with everyone that is in the face of your customer so they convert to being your customer!

Tourism Australia, Tourism Queensland and your Regional Tourism Organisations will make commercial partnerships based on what they feel gives the best reach their target markets. So you need to ensure you leverage that by being contracted across the board to ensure you convert pent up travel demand across different consumer segment types, and convert off the back of the investment TEQ and your RTO is making into driving consumer demand for Queensland holidays.

THE KEY PARTNERS FOR LEVERAGING DOMESTIC CAMPAIGNS ARE;

Tourism Australia’s Aussie Specialist program if you haven’t already submitted your product training video and a travel club offer we would suggest doing so now! www.tourism.australia.com/aussiespecialist All the details are on this link and your best contact is Dominic Mehling Industry Relations Manager (email dmehling@tourism.australia.com)

Tourism and Events Queensland’s new global consumer website will be a critical and central component to your media approach, there will be significant volumes of traffic to the website, of which all operator ATDW listings will be featured.

Some of you wanted to know how to work with online travel agents, this is a great discussion with Expedia and viator and of course you will learn more in your 1:1 coaching sessions.
Examples of campaign partnerships

Tourism Tropical North Queensland have integrated the Good to Go campaign very well across a diverse Marketing platform of Print, TV, Social and Travel Trade promotions.

Brisbane
Kingfisher Bay Resort on Fraser Island has been leveraging the Holiday Here message quite well.

Crystalbrook Collection

One of our favourite Australian operators doing great things is Craig at Exceptional Kangaroo Island. When benchmarking our preference is to go outside of your backyard and even country look for destinations and operators that offer similar experience with same customer persona elsewhere and see what they are doing for eg. Islands...check out Greece and Caribbean etc
